

```
zenvila@zenvila ~$ mkdir temporary/
mkdir: cannot create directory 'temporary/': File exists
zenvila@zenvila ~$ cd temporary/
zenvila@zenvila ~/temporary $ ls
newfile
zenvila@zenvila ~/temporary $ cat > newfile
zenvila@zenvila ~/temporary $ mkdir another
zenvila@zenvila ~/temporary $ cp newfile another/newester
zenvila@zenvila ~/temporary $ cd another/
zenvila@zenvila ~/temporary/another $ ls
newester
zenvila@zenvila ~/temporary/another $ ls -a
.  ..  newester
zenvila@zenvila ~/temporary/another $ ls -l
total 0
-rw-r--r-- 1 zenvila zenvila 0 Feb  6 09:14 newester
zenvila@zenvila ~/temporary/another $ ls -lh
total 0
-rw-r--r-- 1 zenvila zenvila 0 Feb  6 09:14 newester
zenvila@zenvila ~/temporary/another $ cd rewest newtest
```

mkdir temorary :

we make directory with the name temporary

cd temporay :

to go in the temporary directory .

Cat > new file .

cat automaticaly create the file here means to show what is in the newfile .

We manually enter something etc.

mkdir another:

creater another direcotory in the temporay directory .

Ls -a :

to list all file In the directory .

Ls -lh :

list all the file that is human readable .

```

zenvila@zenvila ~/temporary/another $ cd ..
zenvila@zenvila ~/temporary $ mv newester another/newester
mv: cannot stat 'newester': No such file or directory
zenvila@zenvila ~/temporary $ mv newfile another/newestest
zenvila@zenvila ~/temporary $ ls
another
zenvila@zenvila ~/temporary $ ls another/n*
another/newester  another/newestest
zenvila@zenvila ~/temporary $ cd ..
zenvila@zenvila ~ $ rm temporary/
rm: cannot remove 'temporary/': Is a directory
zenvila@zenvila ~ $ rm -rf temporary/
zenvila@zenvila ~ $

```

Cd .. :

to move back form the directory .

Mv newest another/newtest :

mv is to mv which file newfile to the direcroty another with the new name newtest

ls another/* :

this command list all the file with the direcorly like another/newfile etc.

rm :

this command is to remve file .
